

# Florida VPK

☀️ Love working with 4-year-olds?

☀️ Interested in finding out how to become a Voluntary Prekindergarten (VPK) provider?

VPK presents each child the opportunity to perform better in school and throughout life with quality programs that include age-appropriate curricula and emphasize early literacy skills.

There is still an opportunity for your child care program or public school to offer a 2020-21 school year, 540-hour VPK program. More information is available through contacting your local early learning coalition.
